

# MIOSHA Construction - Part 45 Fall Protection

## 1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

## 2 MIOSHA Training Institute

Macomb Community College and the State of Michigan have formed an alliance to jointly reach out, educate and assist the state's employers and employee's to improve and advance workplace safety and health. The MIOSHA Training Institute is establishing a specific core curriculum, along with individual courses on a variety of safety and health topics. MIOSHA personnel, Macomb's Workforce Development Institute at M-TEC and the Public Service Institute at Macomb's Emergency Services Training Center will administer the MIOSHA Training.

## 3 What You'll Learn . . .

Attendees at this training will review the MIOSHA Part 45 Construction Safety Standard for Fall Protection including the latest OSHA and MIOSHA interpretations. Examination of recent fatal falls in construction and discussion of the latest fall protection techniques for construction will also be covered. Participants will also have the opportunity to ask questions.

# Facilitator

Patrick Sullivan began his MIOSHA career as a compliance officer with the Construction Safety Division in 1994. Seeking a new challenge, he transferred to the CET Division as a traditional consultant specializing in Construction safety. He enjoys reaching out to employers and employees to help them be proactive instead of reactive to jobsite safety.

In 1976 Patrick started as a laborer and then in 1977 joined the Bricklayers Union as an apprentice. After completing his apprenticeship, Patrick worked on many of Detroit's major building restoration projects. His MIOSHA enforcement experience and extensive knowledge of all types of scaffolding, fall protection and all other aspects of the construction industry make him a valuable teacher and consultant for the CET Division. His experiences investigating serious construction accidents and fatalities make him a passionate advocate for preplanning construction projects and promoting safety on every jobsite.
